One day in 1931, Olivia Allen, a San Francisco girl, played hooky from school to pay a backstage visit at a neighborhood movie theatre. U. S. TROOP CARRIER BASE, EUROPEAN THEATER OF OPERATIONS—Crossing the Rhine in the greatest airborne operation of the war was Captain Charles W. Here casualties are brought for evacuation to base hospitals on the return trip.

Capt. Abbitt was graduated from Virginia Military Institute in 1941 and was immediately called to active duty. Upon completion of navigational training he was awarded his wings at Hondo, Texas, in August, 1943.

Issue Rules for Rationing Canning Sugar This Season

The Local War Price & Rationing Board today issued the following information on the canning sugar program:

By request, applications will be taken at, or distributed from, your Local Board beginning May 1st. Please file your application early.

The supply of sugar for this year is short, and it is necessary that the amount granted for home canning be greatly reduced from last year. An allotment of 75,000 pounds of sugar for home canning has been granted the County of Appomattox. THIS IS AN AVERAGE OF 8 to 10 POUNDS PER PERSON FOR THE COUNTY.

No stamps will be validated for sugar for home canning, all of it will be handled on application to the Board. Only one application to a family is necessary, and made on OPA form R-341.

In order to receive your Coupons with as little delay as possible, you are respectfully requested to fill out your application (or have a friend or neighbor help you); attach one (1) spare stamp No. 13 from your ration Book 4 for each name on the application to the space designated for that purpose. Mail or bring the application to your Local War Price & Rationing Board.

After Board approval, sugar will be granted based on your actual needs and on the regulation, with coupons R-342 good for five pounds each and R-330 good for one pound each and mailed to the applicant.

Only four one-pound coupons may be used with one application.

Each R-342 coupon must be endorsed and must have the No. 4 ration book number shown on it.

Use your coupons sparingly and only as needed. They are good through November 30, 1945, and are all you will receive for the season.

A maximum of one pound of sugar will be allowed per four quarts of finished canned fruit or fruit juice. The limit per family, regardless of size above eight persons, is 160 pounds. Although there is a maximum of twenty pounds per person, the average issuance must be held to a much smaller amount per person for the total population served by your Board.

Study your application carefully and fill it in completely as failure of this on your part will necessitate your application being returned to you for correction or completion, thus causing undue hardship and delay for you and all others concerned. Your application is subject to verification from your past canning records now in the office of your Local Board. You must state the quantity canned in 1944, and estimate what you will can in 1945.

Buy Series E Bonds.

United States Senator Harry Flood Byrd is scheduled to speak at a public gathering at the county court house here next Tuesday, May 1st, as part of a celebration of the 100th anniversary of the founding of Appomattox County. As we go to press plans were still being made for a brass band to participate in the festivities, and local companies of Minute Men and high school students will be in attendance.

Appomattox County was established by act of the Virginia General Assembly, effective May 1st, 1845. It was made up of parts of Campbell, Charlotte, Prince Edward and Buckingham Counties. The first county seat was at "Clover Hill," at the now famous Surrender Grounds, but was transferred to the present town of Appomattox when the old court house burned in 1892.

Officials of nearby counties have been invited by the County Board of Supervisors to attend the celebration.

Wartime conditions will effect the celebration, which had been planned on a gala scale, but it is urged that the people of the county attend the celebration, which will begin at 2:30 P. M. Senator Byrd is an "adopted son" of Appomattox County, having spent many childhood days here at the old Flood estate at Vera. It will be his first visit here in several years and countless old friends wish to greet him.
